

Group Sow Housing & Management Seminar

December 4th, 2018

Sponsorship Package

This 1 day seminar will present information on group sow housing and management options that follow the 2014 Code of Practice for the Care and Handling of Pigs, along with practical solutions to the challenges of different systems, and potential opportunities related to group housing. The program is designed for all sow producers; those that have converted already, those that are in the process of conversion, and those that are planning their conversion.
